ID cards**

IM8500

EASY & FRIENDLY USER INTERFACE

Includes an easy-to-use auto stop and auto re-start function, electronic thickness detection, and batch counter.

REVERSE (RFR) FRICTION ROLLER

Unique RFR system, automatically detects, singulates, and corrects without any operator intervention for increased productivity.

DUAL PURPOSE INLINE & STAND ALONE

Can be converted to run as a standalone machine if your printer becomes inoperable so you can load forms from other printers into the large feed table.

AUTO EXTENDING CONVEYOR STACKER (OPTIONAL)

Conveyor extends automatically dependent upon the number of forms being processed. Easily stacks up to 650 processed documents.

RELIABLE INTERFACE

The IM8500 integrates easily to many leading laser printers with rear exits.
